Subject: Re: @Nanomaterials Conference 2023

To: ashley aarnio <ashleyaarnio2023@gmail.com>

Dear Ashley Aarnio,

Thanks a lot for the e-mail and warm words regarding my participation in the Nanomaterials 2023 Event! I do really appreciate them!

I was really proud and happy to participate in person in the aforementioned event and have got valuable experiences from (both 'online' and 'offline') discussions on different aspects of presentations, delivered at the Event.

I also would be happy to join the Advisory Board (of Scisynopsis LLC) as a Member in hope to real support to the Organization.

Thanks again,

Regards

Dr. Valeri Ligatchev.

Subject: Re: @Nanomaterials Conference 2023

Dear Dr.Valeri Ligatchev ,
Greetings

Thank you for attending the conference and support us in making the conference successful.

The purpose of this mail is to establish an advisory board to provide guidance and advice to Scisynopsis LLC on matters related to organize Scientific and Engineering conferences.

As you know, Scisynopsis LLC has completed first series of conferences and put step ahead towards next series with the aim Synoptic Approach to Foster Research and we would be very glad if you could also take part in

building our success by accepting our request in being our Advisory Board Member as your support towards our Organization will be very helpful and help us to grow towards great success

With your experience, we want you to be our mentor and act as a representative of our Organization to form a better community for all the young Researchers out there.

Your participation as an advisory board member is voluntary, and you are free to withdraw your participation at any time without any penalty or loss of benefits.

Look forward to hearing from you.

With Regards,
Ashley Aarnio
